**Band Director's Report:**

Vending machine order was just made. Profit for the year should be 5,000.

Jazz Festival concert at 710 Main was excellent. Students received many positive comments for their performance as well as excellent behavior. Mrs. Runfolo was very thankful to the boosters for all of their support with ticket collecting/sales, delicious meals for students and general help with their first performance in this venue. 710 Main was very accommodating and helpful with students and ticket collecting at the door. Next year we will pay upfront with our booster account and collect tickets thru the boosters funds. This will give the boosters more profit.

Kleinhan's details will be coming soon. The bus will depart CHS at 4:30 pm. Arrival at Kleinhan's by 5:15 pm to begin rehearsals/meals prior to concert.

The 2019/20 music department calendar is almost complete. Next year will be a year to have local guests in to clinic/conduct our band students. There is a wealth of talent that is local to call on. This will help maintain funds in our account.

Disney has been paid \$2,000.00 for our performance fees. 1 chorus and 1 band are free. In the future Disney will be charging 27.00/student for multiple ensembles. It won't be a blanket fee.

## **Treasurer's Report:**

Kleinhan's ticket sales so far are 5,000.00 Another \$5,000.00 just came in today. Patron Sales were way up this year due to a parent who made a great effort in the community. Thank you!

Vending machine profit is \$4,600.00 as of today.

A deposit to Salvatore's for 2020 Band Banquet has been sent.

It is suggested to combine the 6th - 8th band accounts with \$1,500.00.

It is suggested to increase Jazz Band funds to \$750.00 as they have been very active recently.

It is suggested to move \$4,000.00 to Kleinhan's account to build up for the 60th anniversary concert in 5 years.
